

TBF Oregon has signed an agreement with Bass Pro Shops/Cabela's that will enable TBF Oregon to earn rewards by participating in fishing related activities with local Bass Pro Shops and Cabela's. These rewards can then be turned into support for TBF Oregon anglers, Youth, and Conservation.

TBF Oregon will be contacting local BPS/Cabela's to coordinate at least three events during 2020. These events may consist of almost any fishing related activity including conducting fishing seminars and/or activities related to boat maintenance and information related to electronics. We will be looking for people to participate in these events. If you are interested, let, Tom, Kevin, or Gary know.

The program is a voucher program that TBF Oregon works out with a local store. After the event is held, and a completed voucher is sent, then the reward will be provided. It has been proposed that we purchase items that then could be raffled to raise even more funds to support TBF Oregon projects. In addition to the reward, this is a chance to help grow the sport and give back to the community. We are also very interested in hearing from our members on how we can grow this program.

TBF Oregon has agreed to show the combined logo on our website use a provided banner at any of our TBF Oregon events.
